

BIG 'N' ALL

PRESCHOOL & DAY NURSERY

# Information Pack

# Welcome to Big N All Preschool and Day Nursery

*Thank you for choosing us!*

Whilst we understand that learning and education comes in many different forms all over the country, it is important to us that all young children should be able to access a learning environment that is enriched with exciting, cultural & holistic learning experiences, no matter the cost, social status, ethnicity or disability.

Our vision is to create an environment that is packed with exciting, vibrant and cultural experiences in all areas of learning and development, challenging your children to be the best version of themselves whilst developing confidence, curiosity and a zest for learning throughout their journey with us.

We aim to do this by offering a unique home from home feel where your children are able to explore, learn and grow. By providing an array of experiences, underpinned by the Early Years Statutory Framework and inspired by a cultural infusion of the arts. We intend to promote our values that ***'everyone is kind, everyone is respectful and everyone is unique'***. We want to educate our children as well as our families about the awesome and wondrous world we live in.

We are glad that you have chosen to join us on this journey!

# Aims & Values

Here at Big N All, we aim to offer an exceptionally holistic early years provision which will be tailored to the needs of each individual child who walks through our doors. We want to be able to hone in on individual children's needs and ways of learning.

It is important to us that children can make relations with their home environment whilst receiving exceptional care and education; so here we are combining all experiences, knowledge, education and personalities to create a secure home from home community.

Whilst we understand, looking for nurseries can be a bit of a daunting experience in regards to making sure that the quality of service and education are outstanding. We aim to be both, all whilst offering this at an affordable yet competitive cost.

We also aim to work closely in partnership with parents and carers in order to make you feel reassured that you are receiving the best tailored support and learning offered to your child. Part of our values also include being able to have the opportunity to implement change, and what better way to do this, than to start at the very beginning of young children's lives. Giving them the best start in life by nurturing them to be kind, unique, respectful, independent, caring and loving young people.

# About Us

We are a newly established nursery based within the Peckham area. We are a family run business with the nursery being run by six sisters who collectively hold over 80+ years experience in childcare and early years education. We have all worked professionally within the early years sector and have a passion for working together in partnership with young children and their families, offering a creative yet stimulating environment for all to access and enjoy.

We have come together to provide a safe and secure environment for young children to learn and play. We aim to use the guidance of the EYFS as the foundation for our teaching and build on this by incorporating our diverse and unique way of teaching through the arts. We thrive on delivering daily affirmations to encourage children that if we try our best we can achieve and be anything we aspire to be.

We aim to work closely with our local community, ensuring that we build positive relationships with our families and the locals in order to allow our children to have positive learning experiences within their local environment and are able to express themselves freely within their community.

# Learning and Development

Here at 'Big 'N' All' we take the learning process beyond the traditional academic subjects by applying methods that promote independence, curiosity, decision-making, cooperation, persistence, creativity and problem-solving in young children.

The staff are here to support the children to explore an experience that is holistic, & academic yet creative within a secure home from home learning environment.

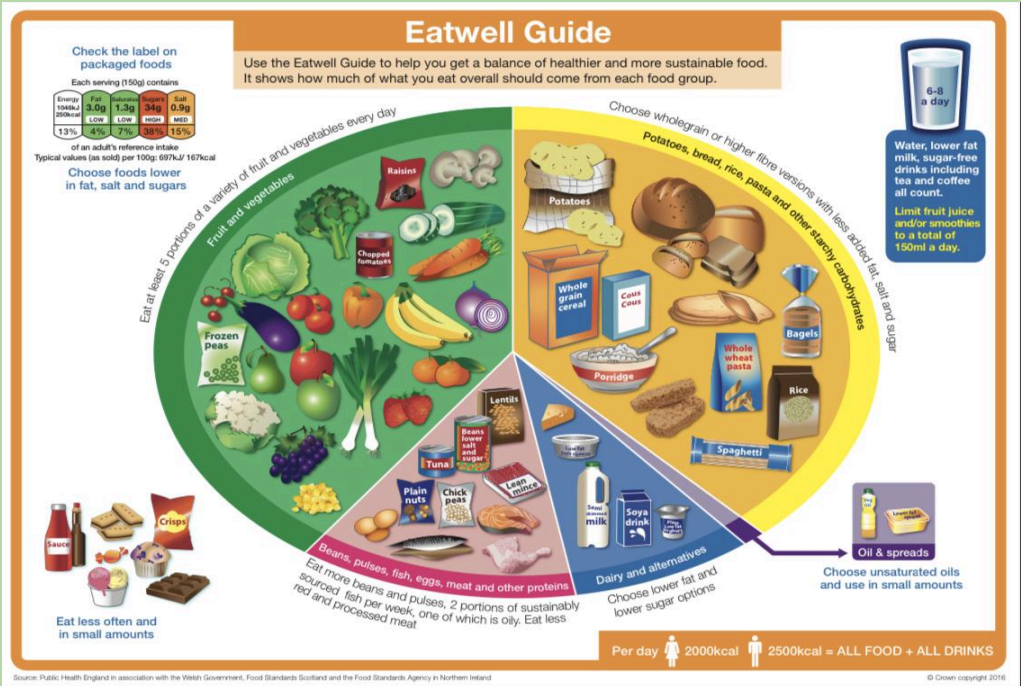

We have adopted the curiosity approach which will support the guidance within the Early Years Framework. We will use a combination of natural, real life and educational resources throughout the environment in order to aid and support the children's learning and steps to success, alongside the EYFS framework promoting a learning through play experience.

On a daily basis we aim to identify the needs of children as individuals in order to plan for a tailored learning experience, whilst exposing them to new challenges and building on their independence.

# Meals at Big N All

At Big N All Preschool and Day Nursery, we are a Nut-Free Nursery and our Menus consist of a summer and winter range which will rotate on a four weekly basis. All meals are prepared freshly on site everyday. We factor in the children that have preferences, intolerances and allergies and these children will always have alternative meals prepared. We provide breakfast, morning snack, lunch, afternoon snack and tea. We are committed to healthy eating and believe that nutritious foods create a solid foundation for every child’s learning, development, and well-being. Our menus are created and thought through by our Nursery Director to ensure that each one of our nursery meals meets the nutritional and dietary needs of young children.

We follow the Eatwell Guide to ensure that your children are getting a balanced and nutritious diet.

*“Everyone is kind, everyone is respected and everyone will thrive”*

# Where to find us

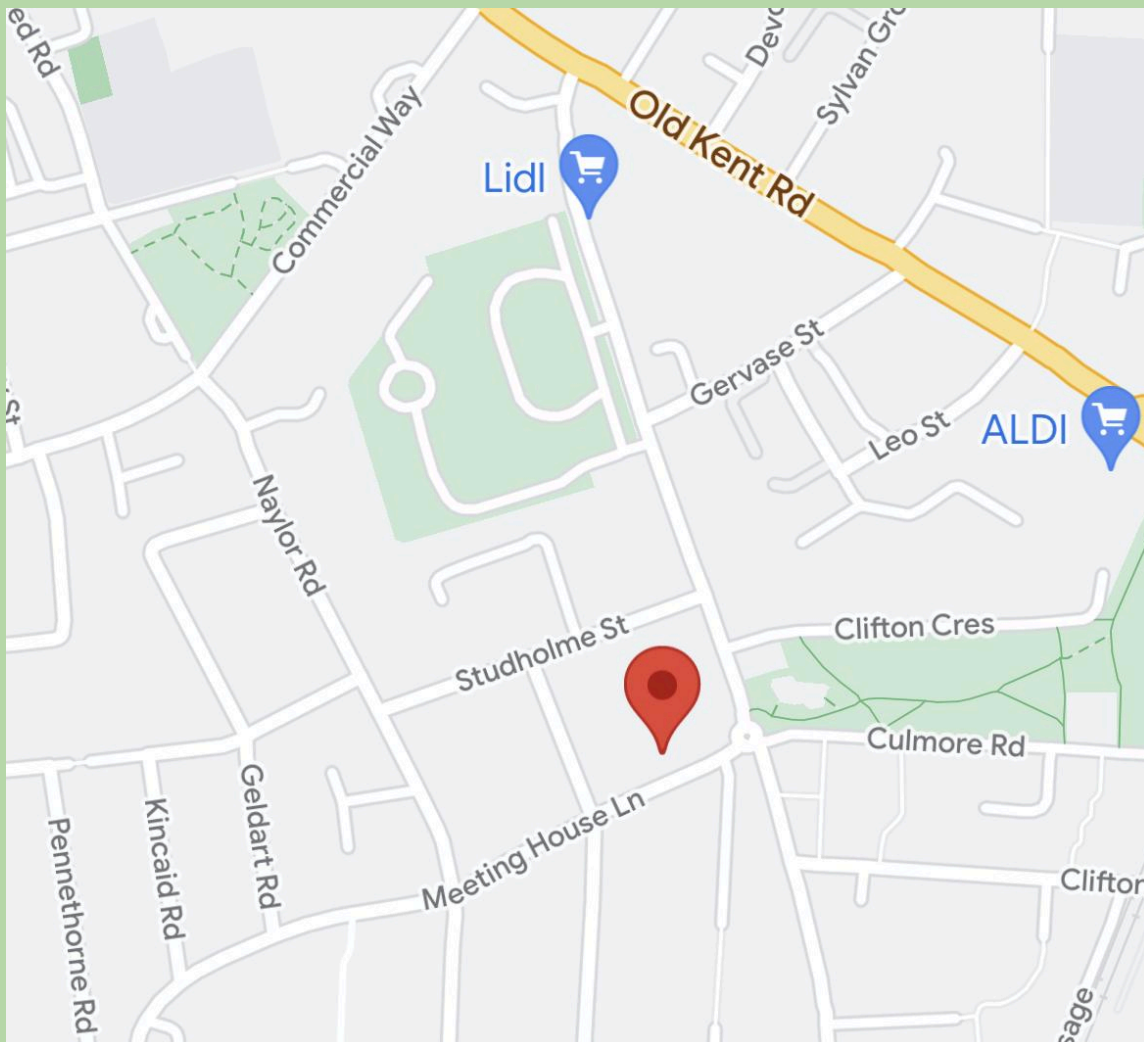

We are here

St John Chrysostom Church Hall  
10a Meeting House Lane, London SE15 2UN

Entrance on Springall Street

020 3089 2465
